

Chai Summer Camp's Super Duper Fun Activities:

With our special events and other fun indoor and outdoor activities there will be so much to do and enjoy this summer.

Pajama & Movie Days: You don't even have to change in the morning. Come as you are for a day full of fun activities, starting with making pancakes, cuddling up with our "snuggies/pillows/blankets" and watching an exciting movie.

Crazy Hair Salon Day: How bizarre and wacky can a hairdo be?!? You'll find out when your child comes home with a brand new CRAZY hairdo that their Morahs and friends help create.

Mudsy Sudsy Day: Children enjoy a day filled with gooey messy hands on fun!! It's a day filled with shaving cream, bubbles and baking mud pies....this day is a mess! Please dress children appropriately and bring extra clothes.

Car Wash: Children giggle with delight as they paint and decorate a "real" car and then scrub it squeaky clean! We can wash your car too and we promise we'll use soap and water, no point.

Mini Olympics Day: Children will have a great time running through obstacle courses, playing kick ball and racing games with their friends. Who is going to take home a medal? EVERYONE!!

Body Painting Day: Children will go wild painting themselves, their friends and their Morah's with a rainbow of washable paints and then washing the colors away with hoses. NOTE: Even though we are using washable paints, please make sure to wear OLD clothes/bathing suit. Paint sometimes does stain.

Science Experiments/Activities: The children will be getting down and dirty with all the fun and exciting hands-on activities and experiments while learning and making "fuzzy ice", clouds in a jar, rain in a zip-lock bag, making elephant toothpaste and the list goes on and on. It's going to be crazy fun!!!

Larry the Science Guy: Larry the science guy is back and will dazzle the children (and Morahs) with his awesome science projects. From making bubbles with dry ice to snow of all colors. So excited to have him back!

Art Activities/Projects: In addition to all the physical fun this year at camp, the children will be tapping into their "creative" sides with exciting and new arts and crafts. They will be making bird feeders, marble painting planets, lava lamps, and so much more. Children will also get to create their very own painting totally inspired with music. I wonder how many Monet's will we discover

Lizard Wizard: The children will get to experience up close and personal a variety of "critters". They will learn about their needs, how to handle them and much more.

Challah Baking Days: Friday's are always our extra special days! Every Friday we will be braiding and baking our very own mini challahs. Disclaimer: These yummy challahs may or may not make it home J

Mismatch & Crazy Sock Days: These are GREAT days to let your child pick their own clothes/socks J It's mismatch and crazy sock days. The more mismatched and crazy you dress.....the better!!!

Water Days: Make sure you mark your calendars with our official "water days", but there will be water activities (on a much smaller scale, throughout the week). Water Days will always be surrounded with lots of age appropriate water fun, from our giant water slide, kiddy pools, water tables and our very own "painting walls", it's sure to delight the senses. NOTE: Please make sure to wear your bathing suits to school in the morning and bring a change of clothes in a plastic bag. Also, bring a towel and sunscreen (please clearly label ALL your child's belongings including towels and sunscreen with their name). With so many children, this is very helpful to the Morahs so they can keep track of everything.

NOTE TO PARENTS: We have a lot of very messy activities and projects scheduled for this summer, so your
